## STATE HAS RESTED ITS CASE IN CHIEF

The Inference is That Cooper's Attorney Put Scabbard In Carmack's Coat Pocket.

NASHVILLE, Tenn., Feb. 19.—Absence of some State witnesses and a desire on the part of the defense to arrange its plan of procedure caused an adjournment yesterday until Saturday in the Cooper-Sharpe trial for the murder of former Senator E. W. Carmack. The State first announced that it rested its case in chief. When the defense asked until Saturday to prepare and the continuance was granted, Attorney-General McCarn announced that some witnesses would be here by that time and that he would offer their testimony.

The State has satisfied itself with offering testimony to prove that Senator Carmack was slain in Nashville by Robin J. and Duncan B. Cooper; that John D. Sharpe, when he heard the shots, knew what they were without looking around, and that prior to the killing several conferences had been held. This, the State contends, was the foundation of proof of conspiracy. The State stops here and waits for the defense to offer its case.

### Mystery of the Holster.

Attorney-General McCarn has subpoenaed sixty-four witnesses and has named scarcely a score. The others will be held in reserve for rebuttal. The defense has not issued a summons, but says its witnesses will be present without court process. By not issuing subpoenas it prevents the State from knowing its witnesses' names. The only incident of yesterday's testimony

was the State's attempt to prove by implication that the pistol holster found in the dead Senator's overcoat pocket was put there by one of the attorneys for the defense, when a few weeks ago he went to the morgue and tried on the overcoat. Two witnesses testified it was not in the pocket when the Senator was killed. It was found in the pocket by Gen. Washington of counsel for the defense when he tried on the overcoat.

The first witness yesterday was Finley Dorris, a member of the undertaking firm which embalmed Senator Carmack's body. Dorris said he examined the pockets of the clothing of the dead man the night of the killing and again at the request of the State's attorneys before the hearing for bail. He was positive that he searched each pocket and that the scabbard was not in the overcoat pocket when the body was brought in and was not in it at the time of the application for bail.

Several witnesses were then examined as to the arrest of the Coopers, Robin Cooper's wound, etc., after which Attorney-General McCarn announced that the State would rest its case temporarily.

The defense expects to spend at least a week upon its case in chief. The State in rebuttal has something like fifty witnesses. Then the defense will again have its innings. Counsel for both sides went into conference at once, and messengers began to round up witnesses.

## CONGRESS WILL CODIFY THE U. S. PENAL LAWS

WASHINGTON, Feb. 9.—The House has passed the bill revising, amending and codifying the penal laws of the United States. A similar measure, though varying in detail, has recently been passed in the Senate and a committee on conference will now undertake to harmonize the differences between the two houses.

Before taking the vote the House adopted an amendment offered by Mr. Bartlett, (Georgia), repealing the law which made it a crime for State officers to disqualify certain persons from serving on juries on account of race or color. Mr. McCall's amendment abolishing capital punishment was defeated because of the lack of a quorum in the House when a vote was taken.

Probably the provision which will cause most discussion by the conferees is that added by the House regulating interstate shipment of liquor.

### FOUR CHILDREN DROWN.

NORWOOD, R. I., Feb. 19.—While skating hand in hand over the ice on Sand pond, four children were drowned when the spongy formation gave way, another barely saved, and several who attempted to rescue them, narrowly missed being engulfed in the icy waters. The children drowned were: Ranghitda Hanson, 14 years old; Lillian Hanson, 12 years old; Amel Hanson, 11 years old; Joseph Johnson, 15 years old.

The first three named were brother and sisters.

### MRS. LEMP GETS DIVORCE.

ST. LOUIS, Feb. 19.—A decree of divorce with alimony of \$6,000 a year and the custody of her son was awarded Mrs. William J. Lemp, Jr., by Judge Hitchcock in the circuit court here yesterday. The decision followed a sensational trial which lasted more than a week and closed Tuesday last. Mr. Lemp is given the custody of the 7-year-old boy from Saturday morning to Sunday evening of each week. Mrs. Lemp had contended strenuously for an award of \$500,000 alimony in a lump sum.

### BANKER GOES TO PEN.

FREEHOLD, N. J., Feb. 19.—Albert C. Twining, former president of the wrecked Monmouth Trust and Safe Deposit Company, of Asbury Park, was taken from here yesterday to the State prison, to begin serving a six-year term.

### Death of Mrs. J. L. Stevens.

(From Waldo News, 19th.)

Our town was shocked yesterday morning when the news spread that Mrs. Stevens was dead. She had been seriously ill for only a few days, but her health had been failing for some months.

She was born in Deerfield, N. H., and was 60 years of age. She leaves a devoted husband and only child, Arthur, aged about 21.

Mrs. Stevens was a quiet, unassuming Christian lady, whose refined, cultured influence was felt wherever she went. Her high moral character was appreciated in her church, the Presbyterian, and among the poor.

The funeral was held at the residence at 4 p. m. yesterday, many friends attending besides the relatives. Rev. D. E. Branning conducted the funeral services and the interment was in the city cemetery. The floral tributes were beautiful.

The News extends sympathy to the bereaved husband and son.

### Will Observe Sunday Hours.

On account of Monday being a legal holiday—Washington's Birthday—all of the banks of the city, as well as the postoffice and United States land office, will observe the day, and Sunday hours only will be in force at

## FOUR SAFE-ROBBERS ARRESTED IN ATLANTA

The Men Confessed to Four Recent Safe Robberies and Produced the Evidence.

ATLANTA, Feb. 19.—Four confessed "yeggmen," and another man declared by three of the confessors to be the leader of their gang, are behind the bars in the city prison, the net result of the drag net thrown out by the Atlanta police this week in an endeavor to break up the operations of safe blowers in this vicinity.

Leroy Crozier, Jim Webb and Will Knight confessed to four recent safe robberies in Atlanta, and declared that William Jones, another man under arrest, was the leader of the gang.

Following their confession the men took the officers to some nearby woods where they dug up a box of dynamite caps and nitro glycerine, which they had buried a few days ago and which they said they had expected to use in blowing the safe of the postoffice at Decatur, Ga., Saturday night of this week. They had also planned to rob a local bank.

H. C. Gray confessed that he is a professional safe blower and forger. He confessed to robbing the safe of the Yankton, South Dakota, postoffice last September, for which "job" he

says two pals are now doing time in a Federal prison.

Gray described an electrical device which he had invented for transferring signatures and said that he had planned to make a half-million through wholesale forgeries. Gray announced that he wants to serve time for his past crimes and then will enter the evangelistic field, expressing a desire to join either Pat Crowe or "Billy" Sunday.

### Attempted Bank Robbery.

CAMAK, Ga., Feb. 19.—The Bank of Camak, which started business on Jan. 1 last, was Tuesday night visited by yeggmen. Entrance was gained by breaking a large plate glass door in the rear of the building. An attempt was then made to pick the locks and hinges on the outside of the vault door. This proving unsuccessful, the robbers went to the side of the building and made a hole a foot and a half square through the brick wall and gained an entrance into the vault. No attempt to blow the safe was made and with no chance of getting the booty, the robbers departed.

## Man's Mad Infatuation Caused Assault on Boy

KEY WEST, Feb. 19.—Randolph Pinder, a boy 15 years old, is lying at the point of death as the result of wounds inflicted by a butcher knife in the hands of Rafael Knowles, better known as "Big Head." According to an eyewitness, Knowles met young Pinder at the corner of Southard and Grinnell streets Monday night about 8 o'clock, and after exchanging a few words suddenly attacked the boy, cutting his throat from ear to ear, slashing him across the arms, and buried the knife in his back. Feeling certain that he had killed the boy, Knowles picked him up and threw him down on the board walk and ran off. Another boy who was with Pinder ran and gave the outcry and the boy was taken to his home on Fleming street, where physicians dressed his wounds.

In the meantime Knowles ran up Southard street, and later wept to the residence of Mr. Tony Cruz, near where the wounded boy lived, and crawled under the floor, where he was afterward arrested. When found, the knife with which he had cut young Pinder was lying near him and "Big Head" was almost unconscious, and remained that way until near morning having taken poison shortly after committing the deed.

Knowles and young Pinder have

been close friends for some time and the former had such an infatuation that he told the boy that he must not talk to other men; that he could only talk to boys. For some time Pinder has been trying to keep out of Knowles' way and was warned not to go with him. Knowles threatened to kill the boy and Mrs. Pinder went to a county official for protection. On Saturday night Knowles was on Duvar street, flourishing a knife and told several parties that he was going to kill Pinder. A policeman arrested the man at the time and took the knife from him and shortly after released him.

The family of Pinder have been in great fear of Knowles for some time, but could get no protection until now, when the terrible deed has been committed. When seen at the jail "Big Head" would give no statement of the cutting, stating that he was drunk at the time, and knew very little about it, but he denied the statement that he had taken poison.

Both "Big Head" and Pinder are in a serious condition and it will take several days before the result can be obtained.

## Woman Wants \$1,000 for Failure to Catch Train

ROME, Ga., February 19.—Because she had to stay one night in Rome with only thirty cents in her possession, and thereby suffered mental pain and was greatly inconvenienced, Mrs. Jessie Johnson of Plainville has brought suit against the Southern railway for \$1,000 damages.

and when she started back to Plainville she had only thirty cents left, and realized that she had to catch her train. She claims that, through the negligence of the North Rome agent she missed her train and had to spend the night in Rome with a friend. She alleges that the agent was grossly negligent and insulting, and that she

## What Was Transpiring in Gainesville in 1876

(Gainesville Times, Aug. 10, 24, 31, 1876—E. M. Hampton, Editor.)

A new grist mill has recently been started by Messrs. Leonard & Pierce. Reader, have you ever visited Worthington Springs during the dull season? If not, we prescribe it as a sovereign remedy for warm weather, the blues and dull times. (By the foregoing it will be seen that Worthington has been popular as a summer resort for many years.)

Capt. Parker, the polite and courteous conductor on the F. R. R., made his first trip with the new passenger coach lately built by the company.

This coach is made of all the different hard woods suitable for the purpose in this State—cedar, red bay, ash, and palmetto. It is the neatest and most comfortable coach on the road and for the construction of which the company deserves great credit. (The "F. R. R." referred to is now the Seaboard Air Line.)

Several bags of upland and Sea Island cotton in the seed were shipped by Capt. Foster for Mr. Beville yesterday, to Philadelphia, to be ginned and packed on the Centennial machinery.

### MURDER AND SUICIDE.

READING, Pa., Feb. 19.—After a thorough investigation of the shooting of George L. Knaut and Estelle Becktashe in a taxicab Wednesday, prothonotary Strasser and County Detective Merkel state that they are convinced that Knaut murdered the girl and killed himself.

### BABY SMOTHERED.

MACON, Ga., Feb. 19.—The four-months-old child of W. D. Dill was suffocated sometime during Wednesday night, it is supposed, from the bed clothing. The mother and father found the infant dead in the morning.

## Women Load With Ideas While Men Get Loaded

CHICAGO, Feb. 19.—Bishop Charles Anderson has added a unique contribution to the argument in favor of woman suffrage. In an address to a club he took up the cudgels for the other sex.

"When men have an afternoon off to go to a ball game or a circus,"

noon to spend she goes to a meeting of the Browning Club. The women come home loaded with ideas; the men come home simply loaded."

The bishop went on to say that there was as much reason why the women should get together and refuse to allow the men to vote as for opposite

RAILROAD COMPANY WILLING  
AND WAITING TO BEGIN.  
Railroad Surveyor Has Copy of City  
Survey and Estimate Has  
Been Made.

It is now up to the City Council to inform the railroad officials just what they want done on West Main street. Through Chairman Graves of the street committee the reporter was informed Friday that the railroad people were willing to comply with their request, but first desire to know just what the city wants done before proceeding. In case they do not intend to pave the street with vitrified brick the company will have to place an extra guard rail alongside of their track after lowering the grade of same, but should they put in the vitrified brick this railing will not be necessary, and will save the company several thousand dollars. What the railroad people want to know is what the city intends doing, and as has already been stated, the superintendent, as well as other high railroad officials, understands that they will be compelled to meet the requirements, but consider it unnecessary to be put to the extra expense of the guard rail if the city intends to use brick. This work has been ordered but has been "hanging" for some time, and it looks as if they could get together and have some understanding in the matter and get to work.

**FOR VITRIFIED BRICK**  
AT LEAST ONE BLOCK ABOUT TO  
BE ORDERED PAVED.  
Dr. W. Porter and Lee Graham Will  
Again Make Effort to Obtain  
This Material.

Dr. W. Porter and Lee Graham are among the progressive property owners who desire a substantial pavement and are willing to show that they will be the starters along this line if the council will only allow them this privilege. They being the exclusive owners of the property on each side of East Main street from Liberty to Mechanic, have asked that they be allowed to pave in front of their property with vitrified brick and stop the everlasting work of repairing rock streets. According to the ordinance passed, this is not permissible, but an effort has been made for some time to arrange matters whereby they would be allowed this privilege and it is thought that the matter will be favorably acted upon at the next meeting of the council. While this will only be one block of this paving, it will doubtless start the ball rolling for other property owners to follow in the example, as it is understood that E. Baird is heartily in favor of standing his share of the expense in placing vitrified brick all along his property. What the people want is to see some favorable action taken regarding this work, for the above gentlemen may not always be in the same pleasant mood, and it will not cost the other property owners along the streets one penny more than they are now charged up with for paving purposes.

**MRS. MCKINSTRY'S RECEPTION.**  
**Proved One of Most Delightful and Successful of the Season.**  
Rivaling in magnificence anything of the kind which Gainesville has seen in many seasons, was the reception given on Wednesday afternoon by Mrs. James Fletcher McKinstry, Jr., in honor of her guests, Mrs. Anita Hendrick Spence of New York, Mrs. John Blair Curtis of Orange Heights, and Mrs. Andrew Bergstrom of Atlanta, Ga. The reception was from four to six o'clock and nearly four hundred handsomely gowned women were present. They were greeted at the outer door by Mrs. James McCollum and Miss Burkheim, and conducted by the sweet little card-bearers, Jessie Chesnut, Jeanita Davis, Catherine Halle and Sophie Burkheim, to the receiving line where the hostess most graciously welcomed them and introduced them to the honorees. The parlor, library and dining-room of this charming home were thrown into one large reception hall which was a bower of beauty throughout, its roomy interior and the brilliantly-lighted rooms giving forth such sweet fragrance from the floral decorations that the scene was indeed entrancing. It seemed a veritable conservatory and charmed the assembled guests with the beauty of the surroundings. The guests were escorted to the punch bowl by Mesdames Yancey, Sydney Robertson and T. B. Stringfellow, where they were met by Misses Wilcox and Elizabeth James and served to the refreshing contents of the huge bowl, which showed the skill of the connoisseur in its preparation. The punch bowl rested on a lovely real lace piece surrounded by bride's roses, carnations and smilax. Mrs. Sam Davis and Mrs. Dale escorted the ladies into the back parlor, where they were happily entertained in social conversation by Mesdames Sam Dell and William Dale. Misses Annie Cannon, Annie McIlvaine and Mary McKinstry then served them with more of the delicious punch. Mrs. George Brumley then invited them into the dining-room, where salad was served by Misses Harris, VanDeventer and Belle Sadler, who made each guest feel that it was a real pleasure to serve them. Mesdames John Chesnut and H. H. McCreary, assisted by Misses Eva Ward and Irene McCreary, served delicious coffee and cocoa. The chandelier was draped in mock orange blossoms and Spanish moss, from whence Southern smilax extended to the corners of the highly-polished mahogany table and festooned

## FRIDAY'S PROGRAM AT THE CHAUTAUQUA

ATTENDANCE WAS GOOD DESPITE  
THE WEATHER.

All Numbers on Program Were Highly  
Pleasing—Exercises for  
Today.

(By Mrs. Elizabeth Smith.)

The Chautauqua grows better each  
day, as new attractions appear. Don't  
miss this great treat that gives so  
much and asks so little.

Thursday from beginning to end  
was one rich succession of good things,  
foremost among them being the lec-  
ture-recital, Mrs. Amsbury's lovely  
singing and beautiful personality, and  
the Robley Quartette.

Friday morning opened as usual at  
9:30 with the Biblical hour by Dr.  
Howell and it seemed to be filled with  
wonderful thoughts. It was along the  
line of character-building and it made  
one thoughtful to know that every-  
thing, whether for good or bad in our  
selves, must go out to influence others.  
We may be tempted to sin but we  
must not harbor the temptation, but  
like The Blessed One, we must put it  
beneath our feet. These lessons are  
free and will do lasting good. Do not  
miss them.

At the 10:30 hour Dr. Geisel, at the  
request of the W. C. T. U., gave her  
wonderful lecture on "The Pathology  
of the Smoke Nuisance" before the  
children of our High School, the su-  
perintendent and teachers kindly con-  
senting to bring them to the audi-  
torium, and it was a good sight to  
see all those bright boys and girls  
come marching in. The thought would  
come as one heard the steady tramp,  
"Here comes our men of the future.  
God help us to do them all the good  
we can while we can." Prof. Cassels  
and his corps of teachers have rea-  
son to feel proud of the order and at-  
tention preserved by their pupils, and  
Dr. Geisel, with her words of fire,  
must have buried her thoughts into  
many a child's brain, and they will not  
forget.

Dr. W. L. Davidson, who was pres-  
ent, and who all were glad to see, says  
that Dr. Geisel is the greatest little  
woman he ever saw, and we all agree  
with him. She seems at times to be  
inspired—filled with an inward fire  
that radiates and thrills all whom she  
comes in contact with.

Following her talk was Mrs. Em-  
mons with her important lesson on  
"Food Salts." This lady is most in-  
teresting and presents her subjects in  
a very pleasant manner. Friday morn-  
ing she served for our delectation  
creamed carrots and asparagus loaf.  
Everyone seemed delighted with both  
dishes, and they were surely most  
palatable.

At 3 p. m. the musical prelude. The  
Robley Male Quartette again delig-  
hted the people of Gainesville. They  
captured all present Thursday even-  
ing by their singing and were again  
received with hearty applause. Each  
number was received with the most  
flattering enthusiasm. Mr. Robley  
again delighted them with his read-  
ings and was encored again and again.  
He is a host in himself. The trom-  
bone solo by Mr. Bois was the work  
of a fine performer and delighted all  
as it did the evening before. Never  
has a finer male quartette been in  
our city.

At 3:30 the audience were again  
thrilled and uplifted by the flute-  
like voice of Mrs. Amsbury. Her  
sweet, womanly face seems to make  
more perfect the charm of her voice.  
At times it comes out full and strong,  
then dies away to the softest note.  
It has been a great privilege to hear  
her. Everyone thought who were  
present Thursday afternoon that noth-  
ing could excel Mr. Wallace Bruce  
Amsbury's interpretation of James  
Whitcomb Riley's poem, and it cer-  
tainly was wonderful, but in his ren-  
dition of his own poems entitled, "The  
Ballads of Bourbonnais," in the quaint  
dialect of the Illinois French Cana-  
dians, he proved that the half had  
not been told, and everyone cheered  
and clapped their hands till they were  
blistered—nearly. We sincerely re-  
gret that their stay among us was so  
short.

At 5 p. m. was the C. L. S. C. Round

Robley Male Quartette again made the  
people of Gainesville wild with joy.  
This was their last full concert and  
they deserved all the applause they  
received, and it was not stinted.

The stereopticon views and moving  
pictures by Mr. Goss were simply  
marvelous. Never have we had any  
to excel them. The whole evening  
was one round of pleasure.

benefit of the children. This lecture  
is free. Let everyone send or take  
their children to hear this wonderful

## HEAVY WIND STORM REPORTED ON FRIDAY

REACHED VELOCITY OF 40 MILES  
AN HOUR AT NEWBERRY.

Was More or Less Severe as Far  
South as Morriston, But No  
Damage Reported.

A terrific wind-storm was reported  
Friday from Newberry and points  
south by subscribers along the line of  
the East Florida Telephone Company.

From Newberry it was learned that  
at one time the wind reached a ve-  
locity of fully forty miles an hour, but  
fortunately no buildings were blown  
down, and the only damage reported  
was the felling of a few trees.

Montbrook and Williston sections  
also suffered in this way, but at Mont-  
brook the wind seemed to be a little  
stronger than further up the line. The  
wires in this section were damaged  
and nothing could be heard regarding  
the fury of the gale there.

In and around Gainesville the rain  
was more severe than the wind, and  
the people generally were glad to see  
the rain, regardless of the ill effects  
that it may hereafter cause, about the  
only disagreeable feature being the  
muddy streets.

Colder weather is anticipated, but it  
is not thought that we will have any-  
thing like a freezing temperature.

### RESOLUTIONS.

Into the presence of the Great I Am,  
entered the spirit of Mrs. Omera B.  
Thomas, January 10th, 1909.

Whereas, It has pleased our Heaven-  
ly Father to call home His child, we  
bow submission to His divine will,  
but in the removal of Mrs. Thomas  
from her earthly home, to her home  
"Over There," in "The Land That Is  
Fairer Than Day," her dear ones have  
lost a loving, devoted mother and  
friend; our church has lost, not only  
one of its charter members, but a  
true, earnest, faithful Christian—and  
our community a loyal, true friend.

Therefore be it Resolved, That we,  
the members of the Foreign Mission-  
ary Society, of Kavanaugh Methodist  
Church, South, of Gainesville, Florida,  
of which Mrs. Thomas was a faithful  
member, express to her bereaved  
ones our sincere sympathy, commend-  
ing them to Him "who doeth all things  
well," knowing that she stands wait-  
ing for them, and the separation will  
not be long, for they shall all meet  
again, where sorrow and parting is  
unknown, and hear, with her, the  
blessed words of the Master, "Well  
done, good and faithful servant, enter  
thou into thy reward." The society  
has lost one of its oldest and most de-  
voted members, but in our loss we  
rejoice that she has entered into her  
eternal reward, and we shall always  
hold her in loving remembrance.

Resolved, further, That a copy of  
these resolutions be sent the bereaved  
family, and a copy be sent The Sun,  
also The Florida Christian Advocate,  
for publication, and a copy be spread  
on the minutes of our society.

MRS. HUFFMAN,  
MRS. PADGETT,  
MRS. CARTER,  
Committee.

### Marriage of Mrs. Cannon.

News has been received in the city  
of the marriage of Mrs. J. W. Cannon,  
which happy event occurred at Miami  
on last Sunday, her husband being Dr.  
L. D. Nobles, who had formerly visited  
this city and with whom her son, Theo-  
dore, is now studying dentistry. This  
will prove a great surprise to her nu-  
merous friends in this city, who were  
entirely unaware of her intentions  
when she gave up Gainesville as her  
home.

## NEWS FROM ALL PARTS OF FLORIDA

Titusville has a paper known as Our People, which is devoted to local hunting and fishing.

Leesburg sportsmen report a delightful season, the woods being full of quail and other game.

Hundreds of temperance workers were present at the W. C. T. U. day at the State Fair in Tampa.

It is reported that the division headquarters of the Florida East Coast railway will be changed from Miami to Fort Pierce.

The city council of Leesburg is busy looking toward providing the town with water and electric lights before another winter season.

Pensacola is to have a seaside hotel on Santa Rosa island, on the site of the old life-saving station which was blown down in the great storm of three years ago.

Safe robbers have visited Ocala. Tuesday night the safe of Messrs. Theus and Zachry was opened and its contents pillaged. Fortunately there was only a small amount of money in the drawer and the robber was not paid for his pains.

There has been formed at Lemon City recently an association known as the Lemon City Tomato Growers' Association, which is composed of many of the prominent tomato growers of that section, among them being Mr. W. I. Peters, Bush Brothers, Dr. J. G. DuPuis and Peter Peterson. There are a great many other growers of that section who are going to join the association, so profitable has been such unity in the other sections of the county. A large packing house is being built for this association near the siding at Lemon City by Crutchfield & Woolfolk, and will be operated on a co-operative basis.—Miami Metropolis.

### Have Returned Home.

Tax Collector Dickinson and Assessor Colson returned to their homes here yesterday after making a trip over the eastern part of the county. They have covered all of their road trip with the exception of Waldo, and will visit that place Monday. The trip has been a successful one, it having given them the opportunity of mingling with their friends in the country and at the same time saving the property owners an expensive trip to the city.

## FOR CONSTIPATION

A Medicine That Does Not Cost Anything Unless It Cures.

If you suffer from constipation in any form whatever, acute or chronic, we will guarantee to supply you medicine that will surely effect a cure if taken with regularity and according to directions for a reasonable length of time. Should the medicine fail to benefit you to your entire satisfaction, we promise that it shall cost you nothing.

No other remedy can be compared with Rexall Orderlies for the easy, pleasant and successful treatment of constipation. The active medicinal ingredient of this remedy which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a preparation which is incomparable as a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience, and may be taken at any time, day or night.

We particularly recommend Rexall Orderlies for children, delicate or aged persons because they do not contain anything that could possibly injure the most delicate organism. They are just as easy to take as candy, and unlike other preparations for a like purpose they do not create a habit, but instead they overcome the cause of habits acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We want you to try Rexall Orderlies at our risk. We know that there is nothing that will do you so much good, and we will refund your money without argument if they do not do as we say they will. They are prepared in tablet form in two sizes of packages; 36 tablets, 25c., and 12 tablets, 10c. J. W. McCollum & Co., corner East Main and Union streets.

### City Registration Notice.

Notice is hereby given that the registration books of the City of Gainesville will be open at my office in the U. S. land office from February 12, 1909, to March 13, 1909. Hours for registration from 9 a. m. to 12 m., and from 2 p. m. to 4 p. m. Bear in mind that registration in the county alone does not entitle you to vote in the city election, so if you are not already registered in the city have your name placed on the books at once.

### Had Successful Entertainment.

The teachers and pupils of the Alachua High School gave a successful entertainment in the school building at that place Friday night for the benefit of the piano fund of the school. For several weeks past they have been working hard on this entertainment and the program rendered was one of the best ever held there. All of the town and surrounding country turned out in full force and a neat sum was raised by the scholars toward their piano.

### Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by the medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. J. W. McCollum & Co.

### The Age of the Microbe.

People just now are living in a state of almost morbid apprehension concerning what they should eat and drink. There have been the paleolithic age and the red sandstone age. The present age would come to be known as the bacillus, microbe and tubercle age.—Lord Rabblesdale in House of Lords.

Itching, bleeding, protruding or blind piles yield to Doan's Ointment. Chronic cases soon relieved, finally cured. Druggists all sell it.

## ART AND WEATHER.

A Storm That Suited the Painter, but Not the Committee.

In a gallery there hangs a large canvas in an imposing frame. The painting shows a waterfall in one of the states famous for startling natural scenery. The picture has occupied its present place for several years.

"Does it belong here?" asked a visitor of the man in charge.

"No more than the others you see."  
"Seems to me it should be in the capitol of the state where this scenery is," said the visitor.

"It was painted for the state," replied the man in charge, "but when it was submitted to the art committee it refused to accept it."

"What was the objection?"  
"You see the sky is overcast. The artist put in a gathering storm like an impending calamity. The art committee said it was a reflection on the reputation of the state; that a storm such as is represented was unknown in that latitude."

"Couldn't the artist put in another sky, one that accorded with the state's reputation for sunshine?"

"I suppose he could, but he refused. He said that the rumpus kicked up by the art committee warranted the storm effect on the canvas, and he refused to budge. He sent it here, and here it remains."—Boston Herald.

## WILD MACEDONIA.

Strenuous Life Amid Savage Animals in the Balkans.

Besides some warlike men Macedonia contains an abundance of wild animals. A traveler writes: "By the side of oaks and walnuts you find great tortoises and snakes eight feet long, and bears and wolves abound. They are a serious drag upon industry, and even in civilized Bulgaria it has lately been found necessary to increase the government rewards for killing them. I believe it to be a true story that a party of peasants with horses was not long ago wholly destroyed by wolves in the Mori Hovo mountains, nothing but the bits and stirrup irons being found to record them."

"In the same hills the peasants migrate for the summer to lofty shoulders where the land is flat enough to grow little patches of maize, and here, night after night, they will sit up with a fire to drive off bears. There are tragic stories of women with babies in their arms beating off bears with burning brands from the fire."

"The prevalence of eagles is a delightful feature for the traveler, and on the cliffs of Montenegro I once counted at the same moment thirty-nine ravens."

### Hamlet

### A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

## IN WASHINGTON, D. C., EVERYBODY KNOWS

COL. WILLIAM CAMP.

I find Pe-ru-na very valuable for rebuilding of a worn and tired system.

CHIVALROUS, high-minded, impulsive, generous, courteous, courageous, loyal, a believer in good fellowship, a lover of home, magnanimous to enemies, true to friends, is a reputation that any man may well envy.

No man better exemplifies this description than Col. William Camp, whose testimonial is given below. His unique figure and charming personality is well known in the streets of the capital city of the United States. His word is as good as his bond. His frankness and truthfulness no one has ever questioned that knew him.

Read what he says concerning Peruna.

"I write to say that I have used Peruna and find it a very valuable remedy for coughs or colds and rebuilding of a worn and tired system, dissipating and eradicating that old tired feeling."—Col. William Camp, 1740 L St., N. W., Washington, D. C.

MR. CHAS. BROWN, Rogersville, Tenn., writes: "I feel it my duty to write you a few words in praise of your Peruna. I have tried many different remedies, but have found that Peruna is the greatest tonic on earth, and a perfect system builder."

"A friend advised me to take Peruna for indigestion, and it cured me in a short time. I was very weak and nervous, could sleep but little at night, but Peruna cured that tired, all-gone feeling, and made me feel like a new man, so I heartily recommend it to all who are weak and run down. It will give new life and energy."

"I cannot speak too highly of Peruna, and will not forget to recommend it."

Peruna is manufactured by the Peruna Drug Mfg. Co., Columbus, Ohio.

Harriman is to have a \$100,000 bar in his terminal station at Pittsburgh. Break the news gently to the prohibition wave.

They have found another man in Tennessee who has never read a newspaper. Of course he is on the jury for the trial of the Coopers.

We suspect competition between Presidential messages and jungle stories is destined to be something fierce during the next administration.

An ignorant man is bad enough to get along with, but a conceited one is worse, and the man who combines the two in his makeup is insufferable.

To talk without saying something worth hearing is like playing at random upon a stringed instrument. There is plenty of vibration and noise, but no melody.

The man who possesses the Uriah Heep brand of humbleness will always bear watching. Sooner or later it will be seen that he has none of the genuine article.

Domestic troubles would be fewer and sooner overcome if they were not told to neighbors. Nothing is more disastrous to the home life than telling every grievance to others.

When you see a boy carrying water across a forty-acre field to quench the thirst of an elephant, it does not follow that he carries the wash water at home, remarks The Orlando Sentinel.

The Jasper News has entered upon its twentieth year. The editor, John M. Caldwell, is one of the most gifted writers in the State, and The Sun wishes for The News continued prosperity.

In Russia the government chief of police is accused of being a revolutionary spy, and the leader of the revolutionary party is accused of being in the pay of the government. What a delightful country it must be to live in.

It is our unshaken conviction that two nations desiring to dwell together in international peace and concord are not going to be diverted from their original purpose by a lot of near-statements and jingoism scattered around and about the United States.

The Pennsylvania railroad has just compiled figures showing that in 1908 457 trespassers were killed and 791 injured on its lines. The figures compiled also show that 2,986 persons were arrested for trespassing along the Pennsylvania line during the same period.

Celery grown in Gainesville has been offered in the local market for the past several days, and those who have partaken of it pronounce it the best quality—in fact, the equal of anything in the celery line ever shipped here, being beautifully bleached and of an excellent flavor. Parties in this section have been experimenting in the culture of celery for some time, and it is almost a certainty that Gainesville will before long take its place in the front ranks as a producer of the most delicious adjunct of the family table.

CURRENT COMMENT.

The Richmond News-Leader says: "There is pith in the suggestion of a Confederate veteran that unless we make some haste in the building of the Battle Abbey few or none of the veterans in whose honor and for whose pleasure it is to be erected will see it. These men are marching across the river in numbers accelerating every year. We owe it to them to have as many of them as possible given the opportunity before they die to see the chief memorial to their valor and their service."

The Norfolk Landmark says: "No State, says Mr. Lodge in a speech at Boston, should have a right to disregard a treaty once made by the United States. It is easy to reduce that doctrine to absurdity. If a State is necessarily bound by any treaty made between the Federal Government and a foreign power the constitution amounts to nothing; for a Washington administration could wipe the States out of existence and establish the rankest domestic tyranny by agreement with the opera-bouffe republic of Panama."

The Philadelphia Record says: "The timely retreat of the Legislature of California and the seasonable disposition of the authorities at Tokio have, temporarily at least, given pause to agitation of the Japanese question. If the declarations of the Japanese ambassador have any validity his government has no notion of regarding as an indignity or a wrong any measures, local or general, to reduce Asiatic immigration to a minimum. The declaration of Mr. Takahira that 'the Japanese are true to their own country and fully aware of the rights of other countries' covers the whole ground of controversy."

The Charleston Post says: "The city of Savannah doesn't seem to be afraid of antagonizing the railroads by requiring them to give a decent consideration to the rights of the public and to accommodate themselves to the convenience of the people. If there is anywhere a community whose prosperity is dependent upon the favor of the railroads it is Savannah, and if it were necessary for the people of a bustling city to subordinate their best interests to the railroads in order to remain in business and make some progress, Savannah would be the place of all places to give itself up to the transportation lines. But Savannah doesn't hesitate to discipline the railroads nor to enforce upon them wholesome regulations. The fact is worth considering by those in other communities who are forever whispering cautions against offending these terrible monsters upon whose breath depends the life of trade."

A dispatch from Los Angeles, Cal., states that Vice-President Fairbanks has purchased 225 acres of fruit land adjoining the city of Redlands, sixty-five miles east of Los Angeles, where, it is understood, he will make his home in the near future. He has for several years owned a half interest in the land and a few days ago he acquired the other half for \$70,000. Plans are now being prepared by a local architect for a magnificent residence. There are ninety-seven acres in navel oranges, one hundred acres in selected varieties of grapes and twenty-eight acres in alfalfa. A splendid income has been derived from the property for several years. Mr. Fairbanks' son, F. C. Fairbanks, resides at Pasadena, ten miles east of Los Angeles and fifty-five miles west of Redlands.

The Indianapolis (Ind.) News mentions the fact that, notwithstanding its recent unpleasantness with the President, it has increased its circulation 9,914.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by all druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

\$20,881,239 POSTAGE BILL.

If the Congressmen and other officials who enjoy the free franking privilege had to buy stamps and use them at the rate which all other people have to pay the revenue would have been \$20,881,239 more last year.

The Boston Transcript says: "The reports covering the special weighing of the mail for a six months' period last year furnish the first reliable data as to what the free service (of the Postoffice Department) amounts to. The estimated weight of the free mail matter carried during a year is 76,355,738 pounds. If this mail all paid postage at the regular rate it would bring into the treasury \$20,881,239. In addition to this free second-class matter, and penalty matter, the department carried free mail of its own which if it had been paid for would have brought in a revenue of \$21,000,000."

It is understood that this does not include the postage on Senator Tillman's typewriter.—Commercial Union.

"Only about one person in every ten knows how to use the telephone properly," said a district manager of one of the local companies. "Nine out of every ten persons talk entirely too loud over the telephone. They actually shout and make so much noise that they drown out all semblance of clearness," says The Philadelphia Record. Then they can't hear, and the first thing you know there is a complaint about poor connection and faulty service. The correct way to talk over the telephone is to talk as you do in ordinary conversation, or even a trifle lower. People can't seem to realize that the telephone will carry a whisper even."

Lemp, the brewer, who is now in the divorce court, taught his wife how to smoke cigarettes, says The Savannah News. After a while another fellow came along with a brand of cigarettes better than those Lemp smoked, and the lady liked them. When the lady switched her cigarettes Lemp got mad and made a fuss. Can it be longer argued that cigarette smoking is an abominable vice?

The wasteful manner in which this country is using up its natural resources is on a par with the action of the business man who each year makes a serious inroad upon his capital. The result is disastrous in either case.

Government experts tell us there is \$35 per capita in circulation. But about \$29 of it is circulating out of our purses into somebody else's pockets.

Notable Scenes in the History of the War.

When the defeated general rode forth from the chamber, he had signed the articles of a truce. He paused a moment, then mounted his horse and rode calmly away. The very Gethsemane of his life, yet he must have had the moment of supreme, if chaste, joy. As he rode quietly down the hill, he passed into view of his army, and they were waiting, grief-stricken and dejected, upon the hill. When they caught sight of their commander on the gray horse, they cheered one of the most notable scenes in the history of the war. In the history of the war, bareheaded they were about him, bareheaded with tear wet faces, thronging about him, cheering him amid the cheering of his name to the skies. He said: "Men, we have won the war together. I am your best for you. My heart is full to say more."—From "Robert of the Southsea."

R. E. Kugel, the jeweler, 1060 Virginia, Indianapolis, Ind., writes: "I was weak from kidney trouble and could hardly walk a hundred yards. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my back and the irregularities of my periods, and I can now attend to my work every day, and recommend Foley's Kidney Remedy to all suffering from kidney trouble after the doctors' remedies had failed." ## CHILD ATE AN ENTIRE BOX OF CUTICURA

Spread on Some Crackers—Not the Slightest Injury Resulted from Little Fellow's Escapade—In Most Positive Way Ingredients of

### CUTICURA PROVEN PURE SWEET AND HARMLESS

A New York friend of Cuticura writes the following interesting letter:—

"My three year old son and heir, after being put to bed on a trip across the Atlantic, investigated the state-room and located a box of graham crackers and a box of Cuticura Ointment.

"When a search was made for the box, it was found empty and the kid admitted that he had eaten the contents of the entire box spread on the crackers. It cured him of a bad cold and I don't know what else."

No more conclusive evidence than the above could be offered that every ingredient of Cuticura Ointment is absolutely pure, sweet and harmless. If it may be safely eaten by a young child, none but the most beneficial results can be expected to attend its application to even the tenderest skin or youngest infant. This feeling is shared by mothers and nurses to such an extent that Cuticura Soap and Cuticura Ointment have for many years been unhesitatingly used throughout the civilized world for preserving, purifying and beautifying the skin, scalp, hair and hands of infants and children from the hour of birth. And greater still, if possible, is the confidence reposed in Cuticura Remedies for the treatment of torturing and disfiguring humors of the skin and scalp. The suffering which they have thus alleviated among the young and the comfort they have afforded worn-out and worried parents have led to their adoption in countless homes as priceless agents in the speedy, permanent, safe and economical treatment of infantile and birth humors, eczemas, rashes, irritations, inflammations and chafings, and other itching, scaly and pimply humors when all other remedies suitable for children fail.

Cuticura Remedies are sold throughout the world. Depots: London, 27, Charterhouse St.; Paris, 5, Rue de la Paix; Australia, R. Towns & Co., Sydney; South Africa, Lennons, Ltd., Cape Town, East London, etc.; Russia, Ferrer, Moscow; Japan, Maruya, Ltd., Tokyo; U. S. A., Potter Drug & Chem. Corp., Sole Props., Boston.

#### The Missing Link.

A lawyer having offices in a Philadelphia building wherein there are some hundreds of tenants recently lost a cuff link, one of a pair that he greatly prized. Being absolutely certain that he had dropped the link somewhere in the building, he caused a notice to be posted in the following terms:

"Lost—A gold cuff link. The owner, William Ward, will deeply appreciate its immediate return."

That afternoon on passing the door whereon this notice was posted what were the feelings of the lawyer to observe that appended thereto were these lines:

"The finder of the missing cuff link would deem it a great favor if the owner would kindly lose the other link."—Harper's Weekly.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. J. W. McCollum & Co.

#### Care of Snowshoes.

Snowshoes need very little care. You don't have to wipe them dry with a chamol, for instance, the prescribed treatment for skates. When taking them off merely tap them against the wall or a tree to shake free the clinging snow and stand them up on their heels outside. Never attempt to dry them before a fire. When they are put away for the summer select a dry place where there will be no danger of mice.—Country Life in America.

#### Pneumonia Follows Lagrippe.

Pneumonia often follows lagrippe but never follows the use of Foley's Honey and Tar, for lagrippe coughs and deep-seated colds. Refuse any but the genuine in the yellow package. J. W. McCollum & Co.

#### Improved.

"How do you like your alarm clock?" asked the jeweler.

"First rate."

"You didn't seem pleased with it at first."

"No, but it's broken now."—The Bits.

#### For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relieve you. It's liquid—pleasant to take—acts immediately. Try it. 10c, 25c and 50c at all drug stores.

See "Want" ads. bring results.

After the dry goods salesman had completed his business with Cyrus Craig, Centerville's one storekeeper, he asked what was going on in the town. "Had any entertainments this season?" he inquired.

"No," said Mr. Craig. "Not one. Salome Howe's pupils have given two concerts, piano and organ, and the principal of the 'Academy has lectured twice, once on 'Our National Forests' and once on 'Stones as I Know Them,' but as far as entertainments are concerned Centerville hasn't got round to 'em yet this season."—Youth's Companion.

#### Worn Out.

That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c, 50c and \$1.00 per bottle. Sold by W. M. Johnson.

#### His Usual Way.

The new waitress slid up to a dapper young man at the breakfast table, who, after glancing at the bill, opened his mouth, and a noise issued forth that sounded like the ripping off of all of the cogs on one of the wheels in the power house. The new waitress made her escape to the kitchen. "Fellow out there insulted me," she said. The head waiter looked at him. "I'll get it," he said. "That's just the train caller ordering his breakfast."—Argonaut.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. J. W. McCollum & Co.

#### For City Marshal.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,  
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,  
CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

## A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

## Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

### ABOUT ADVERTISING—NO. 3

## How to Write Retail Advertising Copy

By Herbert Kaufman.

A skilled layer of mosaics works with small fragments of stone—they fit into more places than the larger chunks.

The skilled advertiser works with small words—they fit into more minds than big phrases.

The simpler the language the greater certainty that it will be understood by the least intelligent reader.

The construction engineer plans his road-bed where there is a minimum of grade—he works along the lines of least resistance.

The advertisement which runs into mountainous style is badly surveyed—all minds are not built for high level thinking.

Advertising must be simple. When it is tricked out with the jewelry and silks of literary expression it looks as much out of place as a ball dress at the breakfast table.

The buying public is only interested in facts. People read advertisements to find out what you have to sell.

The advertiser who can fire the most facts in the shortest time gets the most returns. Blank cartridges make noise but they do not hit—blank talk, however clever, is only wasted space.

You force your salesmen to keep to solid facts—you don't allow them to sell muslin with quotations from Omar or trousers with excerpts from Marie Corelli. You must not tolerate in your printed selling talk anything that you are not willing to countenance in personal salesmanship.

Cut out clever phrases if they are inserted to the sacrifice of clear explanations—write copy as you talk. Only be more brief. Publicity is costlier than conversation—ranging in price downward from \$6.00 a line, talk is not cheap but the most expensive commodity in the world.

Sketch in your ad to the stenographer. Then you will be so busy "saying it" that you will not have time to bother about the gewgaws of writing. Afterwards take the type-written manuscript and cut out every word and every line that can be erased without omitting an important detail. What remains in the end is all that really counted in the beginning.

Cultivate brevity and simplicity. "Savon Francais" may look smarter, but more people will understand "French Soap." Sir Isaac Newton's explanation of gravitation covers six pages, but the schoolboy's terse and homely "What goes up must come down" clinches the whole thing in six words.
